Jumping Jackson Is Flash - Awesome Skiing In Jackson Hole, Wyoming USA

Wyoming in the USA is home to many natural wonders, including Yellowstone National Park, Grand Teton National Park, Devil's Tower – you'll remember that from Close Encounters of the Third Kind – and the spectacularly beautiful Jackson Hole Mountain Resort – home to some of the best skiing and snowboarding you are ever likely to see. Add to that the charming western town of Jackson, with its cowboy bars, stetson shops and wooden sidewalks, and you have one heck of a holiday coming up.

Dining out – Don't anticipate going on a diet while you are in Jackson Hole because there are too many fine restaurants in which to indulge. Il Villagio Osteria, at the Hotel Terra, served up a veritable banquet of dishes from regional Italy and as for the desserts ... I am still working it all off.
