Maybe because I'm saying my own "I do's" beside [gorgeous mountains](#) in only a mere couple of weeks, but these pics from [Carrie Patterson](#) have me practically jumping out of my seat. From the [intimate ceremony scene](#) to the [detailed decor](#) throughout the celebration, [In Any Event](#) created one beautiful bash weaving the rustic natural elements elegantly through it all (I'm taking notes!). [More this way!](#)
