JACKSON, WYOMING

Make your girls' getaway at [Spring Creek Ranch](#) — a luxury retreat atop East Gros Ventre Butte, 700 feet above Jackson Hole's high mountain valley — complete with a "[soul reading](#)" spa treatment that will probably make your men back at home roll their eyes. Whatever — it'll be worth it for the prediction comparisons over hot chocolate afterward. And make time to try one of the ranch's wildlife safaris at nearby Yellowstone or Grand Teton National Park before wrapping up your day stargazing in Big Sky Country with the on-site naturalist team hosting astronomy nights and stargazing sessions. If rosé-all-day is more your jam, split a bottle with the girls downtown at [Bin22 Wine Bar](#) or [The Rose](#).
