

## The Cloudveil, an Autograph Collection hotel, to Debut in Jackson Hole Spring 2021

📅 October 28, 2020

Set to open spring 2021 on Jackson's historic Town Square, **The Cloudveil, an Autograph Collection hotel**, will draw upon the town's signature Western style, while bringing understated luxury and a refined, yet relaxed sensibility to the valley. Rooted in the destination, people, and soul of Jackson Hole, The Cloudveil name gives both a nod to the Cloudveil Dome within the Teton Range, while also invoking the veil of clouds lifting to reveal the transformational journey guests will undoubtedly embark on as they experience the natural wonder and enduring character of Jackson Hole. The Cloudveil will also join Marriott International's diverse and exciting **Autograph Collection** portfolio of more than 190 independent properties across the globe, which are each distinct in design, character and charm, and all *Exactly Like Nothing Else*.

Acclaimed restaurateur Gavin Fine of Fine Dining Restaurant Group will helm all of the culinary offerings at the hotel, bringing a casual, yet refined bistro menu and an expansive raw bar to Jackson's Town Square where guests and locals can expect European-style outdoor dining amidst the area's iconic mountain vistas. The Cloudveil's expansive open-air rooftop terrace will offer ongoing community programming such as daybreak yoga and meditation, live music, and stargazing. With endless, year-round adventures easily accessible from the hotel, The Cloudveil will offer curated itineraries and excursions through local partners including hiking in the Tetons, fly fishing on the Snake River, whitewater rafting, kayaking, mountain biking, skiing, boarding, snowshoeing, and beyond.
