## Where to Eat & Drink

Downtown, The Bistro, located inside The Cloudveil hotel, offers a European-inspired menu and extensive wine and cocktail list, making it a favorite for date night or a leisurely evening out. The menu features everything from carrot risotto and croque madame to classic dishes like burgers and pork chops. Both restaurants are part of the Fine Dining Restaurant Group, the team behind several of Jackson Hole's most buzzy spots, including The Kitchen, Bin22, and Bodega. Each has a distinct personality, giving visitors plenty of ways to taste the town.
